A BERKLEY  
COMPANY

### OUR MISSION

FinSecure, LLC is dedicated to providing customized insurance solutions and complementary services to the financial services sector. Our goal is to be the provider of choice because of our strong security, unrivalled expertise and outstanding underwriting and claims service. We create ease of doing business through high-touch service and cutting edge technology. We listen to our customers before we respond.

### COMPANY DESCRIPTION

Formed in May 2008, FinSecure, LLC offers a complete range of customized property casualty products for financial institutions. These products include commercial package policies, management liability coverages, and comprehensive financial institution bonds. For mortgage lenders we designed a specialized policy to cover lender placed and real estate owned property portfolios. The FinSecure TrustPro policy allows trust managers to insure their trust portfolios in a very efficient way. Products are available on an admitted and non-admitted basis. We distribute primarily through specialized wholesalers and retailers as well as industry associations.

Our team has an average of 20+ years experience in underwriting and servicing the financial services industry. This makes us a strong partner. We are very familiar with the needs and requirements of our customer segment and know how to respond. We understand the exposures and the need for protection through customized products and related services. The financial services industry has set high service standards for its customers and we know the same is expected from us.

### HOW FINSECURE IS DIFFERENT

As many of our competitors evolve into generalists, we have formed a specialty company to service the financial services industry. FinSecure is built around four core principles:

**Clear Focus** We are committed to providing custom designed property and liability insurance solutions along with complementary risk management services – not just a generic insurance product.

**Unmatched Expertise** Our track record is excellent. Our clients are dealing with experts who speak their language and know their business from a distribution, underwriting, claims and regulatory perspective.

**Strong Protection** We write on behalf of W. R. Berkley Corporation member companies StarNet Insurance Company, Gemini Insurance Company and Great Divide Insurance Company, each of which carry A.M. Best and S&P ratings of A+.

**FinSecure Delivers** We can make the commitment to consistently meet high service standards because we are different. Our corporate parent, W. R. Berkley Corporation, facilitates our decentralized and customer centric business model, and encourages and empowers FinSecure to operate in a true entrepreneurial manner, yet allows us to offer our customers the financial backing of an AM Best and S&P A+ rated Fortune 500 Company
